RADIOPHARMACEUTICAL CHARGE ACKNOWLEDGEMENT

The radiopharmaceutical used for your nuclear stress test is specifically ordered for you and is very expensive. If you cancel your appointment less than 24 hours before your scheduled test, or simply do not show up, then you (not your insurance company) will be billed the cost of the radiopharmaceuticals ordered for your nuclear stress test. The charges are as follows:

- **Tc-99mCi Myoview resting dose = \$75.00**
 - **Tc-99mCi Myoview stress dose = \$75.00**
 - **Delivery fee = \$100.00**
- Total Charges = \$250.00**

I agree to pay the charges as stated above if I fail to notify the office of Dr. Edward Assi at least 24 hours before my scheduled stress test of a cancellation, requested rescheduling, or if I simply do not show up for my appointment.

Our calls to you are a courtesy and it is your responsibility to be aware of the time and date of your appointment. Furthermore, if you should eat or drink anything that contains caffeine, or leave prior to the completion of your study, you will be billed for the amount above.

Thank you.
